

Best Cure
FOUNDATION

CURE Institute of Health Physics

Radiation Safety Services for Affiliates

- Do RSO duties interfere with the primary duties of your staff?
- Are radiation safety procedures in compliance with the ALARA (As Low As Reasonably Achievable) principle?
- Are your licenses, registrations, and safety training programs up to date and fully documented?
- Could your RSO use assistance in auditing your program?

CURE IHP affiliation includes the following services!

- Annual radiation safety program assessment
- Annual half-day refresher course-radiation safety and transportation of dangerous goods
- Contact for answers to radiation safety and regulatory compliance questions
- Access to a diverse group of experienced health physicists with expertise in shielding, personnel dosimetry, transport of radioactive materials, radiation instrumentation calibration and repair, regulatory compliance, sealed and unsealed source handling, new installations, and more...
- **Discounts on:**
 - All services from CURE Institute of Health Physics
 - Radiation sources, cameras, and accessories from Best NDT – a division of Best Medical
 - Radiation instruments, calibrations and repair through CNMC – a Best Medical company
